## ACTING PRESIDENT'S REPORT

### *To Our Members:*

In accordance with the requirements of our By-Laws, I take pleasure in presenting a report of our work for the past two years.

I recognize that the biennial report made by your President must largely be lacking in the interest which attaches to the usual accounts of stewardship rendered to membership organizations, owing to the fact that the work of our school is so closely identified with the work of the mother institution, the Mount Sinai Hospital, as a result of which the scope of our own endeavor is limited to so great an extent.

The nurses in training, while under our care, come in touch but very little with the public in general, their work being confined exclusively to the instruction which they receive in the duties of trained nurses and the vast practical experience which they derive from their work in the hospital wards and in the special hospitals which offer us their advantages in the fields in which the hospital has no service.

We have always recognized not only the importance of instructing our nurses in the technical duties of their profession, but also that the nurse is expected to be a helpful companion and a comfort in time of trouble, and special attention is therefore directed to the temperamental equipment of an applicant for admission to our school.

This factor is constantly becoming a more important one as the field of activity of graduate nurses is expanded, the graduate nurse being so frequently employed as a companion for children as well as for the aged and infirm.

In addition to this, almost every large hospital has in recent years added social welfare work, in the very nature of which sweetness of disposition and a wholehearted sympathy with the poor and suffering is as absolute a requisite as the technical knowledge which we seek to impart.

In accord with the constant increase in the amount and scope of the work of the Mount Sinai Hospital and with the greater demand for the service of trained nurses in its various

departments, our school has also shown a consistent increase in the number of nurses in training and in the size of each succeeding graduating class.

The average number of pupils in the school since the last report has been 175, and of the graduates of our institution 352 are at present actively engaged in nursing. In 1909 the graduating class consisted of 44 members, while the class of 1912, which was graduated on February 14th, of this year, consisted of 50 members, the largest graduating class in the history of our school.

Our special thanks are due to the Rev. Thomas R. Slicer and to Mr. Eliot Norton, who so eloquently addressed our graduating classes of 1911 and 1912 with words of encouragement and of congratulation upon their entry into a sphere of usefulness whose growing importance is gradually being more and more recognized by the entire community.

Since the last annual report the additional stories added to the Training School have been completed and the increase in our facilities has again enabled us to house all our nurses under one roof, as well as to provide better and more comfortable surroundings for all.

Recognizing that, notwithstanding the wide scope of the hospital's facilities, further increases will become necessary in order to make the institution a complete one of its kind, plans are now under consideration for numerous additions in the scope of its work.

The carrying out of these plans will, of course, necessitate a further increase in the number of nurses in training, and in housing facilities, and it is intended that when the new building of the pathological department is completed, the one now used for the purpose is to be added to the training school, thus providing ample additional room for the increase in our staff which will be rendered necessary.

#### PENSION FUND

It is with the greatest of pleasure that I am able to report that the sum of \$60,000, which was made a pre-requisite to

the actual operation of the pension fund, was completed a number of months ago and that the fund is now ready to distribute its benefits in accordance with the original intention.

Those of our graduates who have become members of the Fund and the graduates of the future who will no doubt join it with practical unanimity, may now look forward to a comfortable provision for their care, when, either through advancing age or incurable illness, they will no longer be in a position to earn their own livelihood by the pursuit of their profession.

The Alumnae Association of the Mount Sinai Training School for Nurses is to be congratulated upon the fruition of its work in this direction and particular thanks are due to the many generous donors who have aided in completing the sum necessary to permit the fund to operate. It is hoped that efforts to increase the amount of the capital will not be relaxed, so that no matter how large our school may become and no matter how great may be the demands upon the benefits of the fund, it may finally be sufficiently large to meet all the requirements. It is the sincere hope of those interested that similar movements may take root in other institutions so that all trained nurses may be able to look forward to such provision against adversity and old age.

#### SUPERINTENDENT

It is with the deepest sense of loss that I must report the resignation of Miss Anna D. Van Kirk, our Superintendent, who has played so important a part in the life of the institution during its greatest period of growth. Owing to impaired health she found it absolutely necessary to resign her position and she may be assured that she has taken with her the great appreciation on the part of the directors of the Training School and of the Hospital of the efficient and intelligent co-operation which she always rendered in the effort to improve our work and to make the name of the Mount Sinai Training School for Nurses a synonym for all that is best in its field of endeavor.

She will also feel a great sense of satisfaction in the knowledge of the love and esteem in which she is held by the large

number of nurses who have been prepared for their life-work under her supervision and whose welfare was constantly foremost in her mind.

We have been extremely fortunate in having been able to secure the services of Miss Rye Morley, the Superintendent of the Training School of the Buffalo General Hospital, who will assume her duties in the fall.

During the months which have elapsed since Miss Van Kirk resigned her position her work has been most efficiently done by Mrs. Martha M. Scott, the present Acting Superintendent, to whom, as well as to all her assistants, I beg to tender the sincere thanks of the Board of Directors for the regular and orderly manner in which the school has been conducted.

#### REGISTRY

As an evidence of the continued appreciation of the efficiency of our graduates, the increase in registry calls must be a source of great satisfaction to all those interested in our school. Notwithstanding the increasing number of graduates, the calls upon the registry are so large that it very frequently becomes necessary to supply graduates from other schools in order not to be compelled to turn applicants away. In 1909 the number of calls was 2,639, this being the largest number noted up to that time, but in 1910 the registry answered 2,919 and in 1911, 3,047 calls.

#### FINANCES

In the last report the President was compelled to note a decrease in the income from memberships, and I very much regret that his appeal for further contributions has not quite met with the desired result. While, during 1909, our income from this source was \$9,180, it fell to \$8,870 in 1910 and again rose to \$9,065 in 1911, the net loss in two years being therefore \$115. It is the sincere hope of your Directors that the friends of the institution, whose number is legion, will again rally to its support, and that when the next report is presented to your attention we shall be able to note a considerable increase in the contributions in place of the decrease which we have been compelled to report for some years past.

Of course the main income of our school is derived from the hospital in payment of the services rendered by our pupils in the hospital wards.

I am pleased to report the following donations received in 1910 and 1911:

Mrs. L. Saks.....	\$5.00
Mrs. M. Sternberger, in memory of April 11th, two donations of .....	10.00 each
Mr. Albert Stern.....	318.50
Mr. Edgar J. Lauer.....	25.00
Mrs. Pauline Stern.....	6.00
Mr. Ed. S. Steinam.....	5.00

Our endowment funds were also increased by the following generous donations:

Mr. Albert W. Scholle, \$1,000 New York State Bond and \$1,000 West Shore Railroad Bond as an addition to the Lillie Stern Scholle Fund.

Mr. Kalman Haas, a donation of \$1,000 to increase the Kalman and Harriet F. Haas Fund.

The sincere thanks of the Board of Directors is hereby expressed to those who have so generously remembered our institution.

I also take pleasure in acknowledging donations in kind made by directors and friends of the institution.

#### OBITUARY

Since the last report we have suffered a great loss in the death of Mr. Isaac Stern, the President of the Mount Sinai Hospital and the constant friend of our school; and although your directors fittingly expressed their sentiments in resolutions addressed to the family of the departed, I deem it right and proper that special recognition be made of the great services which he rendered to our institution and to the entire community in which he lived.

During the past two years the inexorable hand of death has removed from our midst a very large number of old friends and contributors to our organization, as follows:

MARKS ARNHEIM	OTTO LOWENGARD
LEOPOLD N. ASIEL	HENRY LIEBERKNECHT
W. B. BONN	VALENTINE LOEWI
LEOPOLD COHN	JACOB W. MACK

To the families of the deceased we desire to extend our deep sympathy in the losses which they have sustained, and we desire to express anew our appreciation of the aid and support which our departed friends rendered to us during their lifetime.

**ACTING PRESIDENT'S REPORT****RESIGNATIONS**

It is impossible to express the deep sense of loss which we feel in losing the services of Mr. Kalman Haas, who has been the president of the school for so many years and who has been so closely identified with its growth and development that it is difficult to realize that he is no longer an active factor in our progress.

Mr. Haas decided some time ago that owing to advancing age he felt it to be a duty to himself to lighten his labors, and it was with a feeling of the deepest regret that he finally felt it necessary to withdraw from our activities.

In behalf of myself and of my fellow directors, I desire to convey to him our great appreciation of the valuable work which he performed and of the uniform kindness and courtesy which he displayed in his official capacity, while at the same time conducting the destinies of our organization with a firm hand.

I also deeply regret that Mr. Emil S. Levi, who had served both the hospital and the training school for so many years as director and wise counselor, has also tendered his resignation, owing to his having found it necessary to retire from all exacting work.

As an expression of the appreciation on the part of the Board of Directors of the services rendered by Mr. Haas and Mr. Levi, they have just been elected honorary members of the Board, and I venture to express the hope that although they have withdrawn from their former active co-operation they will continue to assist us in the many problems with which we are confronted.

**MEDICAL BOARD**

Our special thanks are due to Dr. N. E. Brill, Dr. A. G. Gerster and Dr. Chas. H. May, who have continued to place us under deep obligation by their continued service on the Medical Board of the training school.

We can only assure them of our great appreciation of the interest that they have always taken in the instruction of our pupils and of the constant injection of progressive ideas into our system.

## ACTING PRESIDENT'S REPORT

I also beg to express proper acknowledgment to our corps of instructors who render such valuable service to our pupils in fitting them for their life career. These lectures are given regularly as follows:

MISS LYDIA ANDERSON, Anatomy and Physiology.

DR. E. P. BERNSTEIN, Materia Medica.

DR. JOHN C. A. GERSTER, Surgery.

DR. HARRY WESSLER, General Medicine.

DR. REUBEN OTTENBERG, Bacteriogy and Chemistry.

MISS E. A. GILBERT, Massage.

### ADMINISTRATION

Our particular thanks are due to Dr. S. S. Goldwater, Superintendent of the Mount Sinai Hospital, who is always eager and ready to give his aid and counsel in all matters relating to the welfare of the school, and I wish to express to him the great appreciation of our Board of Directors and of the officers of the training school.

Miss E. George remains in charge of the Dietetic Department, and for her continued valuable services our thanks are tendered to her.

In conclusion, I desire to express my personal thanks and those of my fellow officers to the Directors of the Training School, and also to the Directors of the Hospital, all of whom have co-operated so willingly and efficiently in our work.

While this institution retains its separate organization, it, of course, draws its life-blood from the Mount Sinai Hospital, and the Directors of the parent institution are particularly deserving of our appreciation of their open-minded consideration of all problems that we may present to them for solution.

Respectfully submitted,

HENRY L. CALMAN, Acting President.

*To the Board of Directors of the Mount Sinai Training School  
for Nurses:*

GENTLEMEN :

In presenting the twenty-eighth Biennial report of the Training School for Nurses, I beg to state that seven hundred and nine nurses have been graduated since the establishment of the school.

Of this number, the majority are engaged in private duty, though many are to be found in representative institutional positions.

The Social Welfare Department, with three social workers and a pupil nurse, has been a boon to all who came under its guidance.

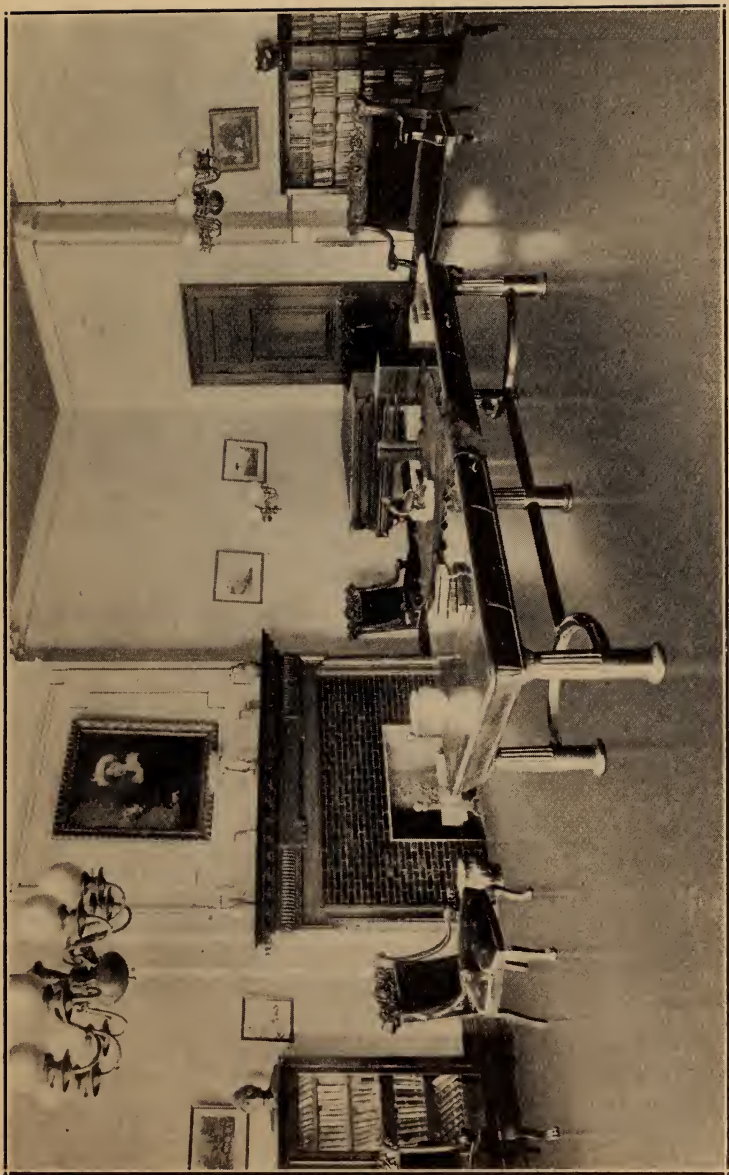

The nurse has had the opportunity of visiting the patients in their homes, caring for them, advising them along the lines of better methods of sanitation and, in cases of infant feeding, shown the mother how to prepare the proper nourishment for the child.

The Commencement exercises, Classes of 1911 and 1912, were held February 22, 1911, and February 14, 1912, respectively, in the school building. Reverend Thomas Slicer delivered an inspiring address to the Class of 1911, while Mr. Eliot Norton addressed the Class of 1912.

Through the courtesy and kindness of Mr. C. A. Wimpfheimer the graduating class and faculty were presented with handsome flowers, which added very much to the attractiveness of graduation.

The nurses have been especially fortunate in being allowed the privileges of "The Brownery," a rest home in Orange, where they may go to recuperate after illness or lengthy duty.

The Lillie Stern Scholle Fund has given much pleasure to the nurses, and the various parties Mr. Haas has made possible have been greatly appreciated. To the many other kind friends who have provided opportunities for entertainment, we would give our most hearty thanks.

RECEPTION ROOM IN NURSES' PAVILION

We most gratefully acknowledge the theoretical lectures given to the pupil nurses by the Attending Staff, and would also place on record our appreciation of the services of Dr. Brill and Dr. Elsberg, and those others who have cared for the nurses when ill.

It is earnestly hoped that this school, so long established, may continue to be a force for good in the community and a refuge in time of need to the sick and suffering.

Respectfully submitted,

M. M. SCOTT, Acting Superintendent.

## GENERAL STATEMENT

The Mount Sinai Training School for Nurses, established in 1881, offers a course of instruction to women desiring to enter the nursing profession.

The School building is a separate structure within the grounds of the Mount Sinai Hospital, Fifth and Madison Avenues, 100th and 101st Streets, New York City. The rooms for the nurses are comfortable, well heated, lighted and ventilated, and the building is modern in all its appointments.

## EQUIPMENT

The Mount Sinai Hospital affords exceptional advantages for the education of nurses. The new buildings, having been but recently erected, embrace the most modern and improved features of hospital construction. It is one of the largest hospitals in the city and contains 500 beds for the sick. Its service is varied, having general medical, surgical and children's wards, in addition to special wards devoted to the care of patients suffering with Gynaecological, Dermatological, Neurological, Ophthalmic, Aural and Genito-Urinary diseases.

It embraces a Private Pavilion, eight Operating Rooms, and a large Dispensary, thus offering unsurpassed opportunities for thorough practical experience in all kinds of nursing. By arrangement with the Trustees of the Sloane Maternity and of the New York Lying-In Hospitals, the pupils receive a three-months' course in Obstetrics at these famous institutions. Instruction in properties and preparations of foods, with their application to the needs of the sick, is given in a diet kitchen, equipped for teaching. The opportunity of District Nursing is granted to a limited number who desire that experience.

## REQUIREMENTS FOR ADMISSION

Candidates wishing to enter the School must apply personally or by letter to the Superintendent of the Training School. Those applying should send in a letter giving a personal history, and enclosing a statement from some responsible person, testifying to good moral character, and one from a physician certifying to sound health and unimpaired faculties.

Applicants must be between twenty and thirty-five years of age. They must have a thorough English education, and women of superior education and cultivation will be preferred.

## TERMS OF ACCEPTANCE

Students are admitted in the Spring and Fall, in classes, for a preliminary term of three months.

If the record of the student should prove unsatisfactory during the first six months, her connection with the School may be terminated by the Superintendent of the Training School. At any subsequent time the Board of Directors may dismiss a pupil upon recommendation of the Committee on Nurses and Instruction, for misconduct, inefficiency or failure to develop qualities befitting the nursing profession.

## ALLOWANCE FOR EXPENSES

The pupils receive board, lodging and laundry from the date of entrance. After the expiration of two months, an allowance of \$8.00 per month will be given for the entire term of three years. This allowance is made to defray the expense of uniforms, text-books and stationery.

## VACATIONS

A period of three weeks is allowed each pupil at or near the end of her first and second years. These vacations are planned so far as possible to occur between the first of June and the last of September, and occasionally in December.

## RELIGIOUS SERVICES

The School being non-sectarian, there are no religious services connected with it. All pupils are expected to attend the place of worship which they prefer.

## SICKNESS

In sickness all pupils are cared for in the Hospital by one of the Attending Physicians appointed by the Board of Directors. Time lost through illness (in excess of one month) is required to be made up. Through the generosity of one of the Hospital Board of Directors, a room in the Hospital has been endowed for the benefit of sick nurses who are graduates of the School.

## GENERAL PLAN OF INSTRUCTION

The three-years' course is divided into—

Preliminary term of three months.

Junior term of nine months.

### The Preliminary Term—

In this three months a large part of the time is spent in study and demonstration in the Class Room. Classes are held in which the pupil is instructed as to what are the essential qualifications of a nurse; and clinics in the practical part of nursing, so that students may become familiar with the various appliances and utensils used in caring for the sick. The time spent in the wards is under special supervision as to the manner in which the pupil follows the instruction received in demonstrations and as to her general fitness of disposition and temperament for the work of nursing.

### The Junior and Intermediate Terms—

During this period the students receive instruction in practical work in the men's, women's, children's, medical and surgical, in the gynæcological, in the eye and ear wards, as well as in the dispensary.

## **The Senior Term—**

The practical work of this year consists of attendance in the Operating Rooms, Private Pavilion and the management of the various wards. Lectures and demonstrations are given throughout the course by competent instructors.

## **EXAMINATIONS**

Examinations are held at the close of the course of instruction in the various subjects. These examinations, which are both written and oral, include practical tests, and the standing of the student is based upon the general character of her work throughout the year, as well as upon the results of the examinations. Students must pass on all subjects before entering upon the work of the following year.

## **GRADUATION**

The diploma of the School will be awarded to those who have completed satisfactorily the full term of three years, and have passed successfully the final examinations. A diploma is also awarded by the Sloane Maternity Hospital or the New York Lying-In Hospital for the three months' Obstetrical Course.

## **SCHOLARSHIPS**

The Murry Guggenheim Scholarship Fund provides twelve scholarships of the value of \$100.00 each. These scholarships are awarded annually at the commencement to the twelve pupils who have shown exceptional merit in all branches of the work.

The Betty Loeb Fund provides two prizes to be given annually at the commencement to nurses showing marked advancement during the last year of training.

## **NURSES' PLEASURE FUND**

Through the generosity of one of our Trustees, the Lillie Stern Scholle Fund has been established. The interest of this

fund is used to provide pleasure and entertainment for our pupil nurses.

### **LIBRARY**

A reference library has been given and endowed by a friend of the Training School. This contains books which supplement the class work and enable any pupil to pursue advanced study while in the School.

In addition to the above there is a library of works of standard authors. To this the nurses have access at all times. Magazines and papers supply general information and keep the nurses interested in current events.

### **REGISTRY**

The Training School maintains a registry for its graduate nurses. There has been from year to year a steady increase in the number of calls for Mount Sinai graduates.
